Basic algebra – WJEC Algebra is very useful in the modern world where mathematics is used extensively. This includes expanding brackets, collecting terms and substituting into formulae.

Basic algebra test questions - GCSE Maths Revision - BBC ...

In elementary algebra, the quadratic formula is a formula that provides the solution(s) to a quadratic equation. There are other ways of solving a quadratic equation instead of using the quadratic formula, such as factoring (direct factoring, grouping, AC method), completing the square, graphing and others.
