Urban political economy is a paradigm that takes up two venerable questions in urban sociology: what causes urbanization and who governs the city. A parsimonious explanation of these two evidently di...

Urban Political Economy - Nevarez - - Major Reference ...

The circular economy (CE) has become a matter of urban development. A literature review shows that the CE debate is biased toward technology-driven industrial change, while bracketing broader socio-political interests. We address this gap by exploring the political economy of scale of the CE.

Circular economy and the city: an urban political economy ...

Urban political economy is a paradigm that takes up two venerable questions in urban sociology: what causes urbanization and who governs the city. A parsimonious explanation of these two evidently distinct issues as well as its flexibility as a critical framework with which to investigate a variety of urban phenomena attest to its status as a prevailing paradigm in urban sociology and urban studies more generally.

Urban Political Economy - Nevarez - - Major Reference ...

Political Economic model has a great relevance in the field of Urban Planning. Views of various authors and scholars are provided below. According to Harvey, in the political economy model the most important function of the built environment is to facilitate production, circulation, consumption and exchange.

Political Economy Model in Urban Planning

Urban political economy The policies of the urban political economy are significant in dictating the milieu in which cities have to react in order to conform to renaissance. For instance, in countries such as Germany, national policies are normally decentralised thereby creating a balance in the growth of urban cities (Bontje, 2004).

Globalisation, Urban Political Economy and Economic ...

This study compares urban planning mechanisms that operate within Hong Kong, Singapore and Taiwan. The political economy of Hong Kong is in a state of flux. While the power of the government and the

corporate interests remain largely intact, they are challenged by pro-China interests and a democratizing civil society.

Political economy and urban planning: a comparative study ...

Proposes a new theoretical understanding of urban design, based in political economy. Demonstrates different ways of conceptualising the city, whether through aesthetics or the prism of gender, for example. Written in an engaging and jargon-free style, but retains a sophisticated interpretative edge.

The Form of Cities: Political Economy and Urban Design ...

The study of urban politics offers a view of globalization and the diffusion of policy ideas in an age when urban areas and societies are ever more connected through an international economy, a shared environment, increased immigration, and more advanced information technology networks.

Urban political ecology (UPE) is a school of critical urban political-environmental research (Heynen et al. 2006b) which complements the view of Environmental Justice: On the basis of the school of urban political ecology there are three main thinkers: Click here to read references to some urban political ecology monographs. The main ideas of urban political ecology...

Urban political ecology | Understanding Social Science

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word ??????????. The earliest works of political economy are usually attributed to the British ...

Political economy - Wikipedia

Urban economics is broadly the economic study of urban areas; as such, it involves using the tools of economics to analyze urban issues such as crime, education, public transit, housing, and local government finance.
