Troilus and Criseyde, tragic verse romance by Geoffrey Chaucer, composed in the 1380s and considered by some critics to be his finest work. To be female is to be frivolous and inconstant. This is the position that Geoffrey Chaucer takes in his love poem, "Troilus and Criseyde". The lovely Criseyde, with whom Troilus falls madly in love, is the epitome of frivolity and inconstancy, in her actions as well as her thoughts.

Perhaps the greatest medieval romance is the fourteenth century English poem, Troilus and Criseyde, by Geoffrey Chaucer. While Homer focused on the impact of passion (both love/lust and rage) on war, Chaucer puts love and loss in the foreground, with a background of war and the unavoidable destruction of Troy.

Troilus is the brother of Hector and serves as a soldier in the Trojan army. Troilus is in the temple of Pallas Athena with his knights. He mocks them for being lovesick for the women there, and speaks about how those who are in love are foolish. He is then struck by the God of Love, and sees Criseyde.

Chaucer wrote Troilus and Criseyde in Middle English sometime during the 1380s. Chaucer's work, like Shakespeare's after him, had the ability to touch both the common people and nobles at Court; for this reason, courtly romances like Troilus and Criseyde gained popularity among different classes. Although the story had been told before in France and Italy, Chaucer's version is slightly less cynical and misogynistic.
